WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs; is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co.,	
Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.

MEDICAL

A HEROIC REMEDY!

HENRY'S CARBOLIC CONSTITUTION RENOVATOR!

Based on Science, Prepared with Skill, and all the available ingenuity and experience, that the art of pharmacy of the present day can contribute. And

COMBINING IN CONCENTRATED FORM THE MOST VALUABLE VEGETABLE JUICES

Known in the history of Medicines for

PURIFYING THE BLOOD,
Imparting
NUTRITION TO THE SYSTEM,
Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing his last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly ball. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering, Agony, Wretchedness, and Ignorance of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unaware, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes seated, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The withered face—the sallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the terminating sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough cutaneous skin?
and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

FANGS OF DISEASE

AND

HEREDITARY TAINT

ARE FIRMLY FIXED IN THE

FOUNTAIN OF LIFE—THE BLOOD.

The

INDISCRIMINATE VACCINATION

during the late war, with diseased Lymph has

TAINTED THE BEST BLOOD

in the entire land. It has planted the germ of the most melancholy disease in the veins of men, women and children on all sides, and nothing short of

A HEROIC REMEDY

will Eradicate it root and branch, forever. Such a Remedy is

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR.

ON REACHING THE STOMACH, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends NEW AND PURE BLOOD BOUNDING THROUGH EVERY ARTERY AND VEIN.

The tubercules of Scrofula that sometimes flourish and send the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Its action upon the blood, fluids of the body, and Glandular System, are

TONIC, PURIFYING AND DISINFECTANT,

its touch disease drops, dies, and the victim of its violence, as it were

LEAPS TO NEW LIFE.

It relieves the entire system of Pains and Aches, enlivens the spirits, and imparts a
Sparkling brightness to the eye,
A rosy glow to the Cheek,
A ruby tinge to the Lip,
A cleanliness to the Head,
A brightness to the Complexion,

"THERE IS A LION IN THE WAY; A LION IN THE STREETS." PROV. XXVII, 1.

We have taken our text but don't intend to preach until Sinclair and Welker are silenced.

Before Billy Henderson (the man of wind) had finished his oration at the Holden entertainment, at Tucker Hall, last week, several friends came hurriedly to us, urging us to prepare, for Billy had given us a challenge to meet him on the street, and that he had given us until the evening of the next day to bring about the meeting.

Being thus advised that there was "a lion in the way," we did not go on the streets until we had business, and when we *did* go, we heard from a Republican, that the lion was drunk; reeling to and fro, like Settle's buggy when it lost the churn.—(We are fond of this simile, it is so pat and appropriate.)

"Those who love too much, hate in like extreme;" so said an old poet, some thousand years ago. We were apprehensive that Billy's love, manifested by three different calls at the SENTINEL office, since we have been connected with it, would eventually turn to hate.

At one of his visits he eulogized us as a gentleman who would wrong no man.

His next visit was to convince us that he did not steal Darr's mule. We told him we had never charged him with stealing the mule, but that we had stated that he had been *indicted* for it.

His last visit was to show us the decision of the Supreme Court in the mule case, and to complain of our course towards him, after he had been acquitted. We told him on this occasion, that we never alluded to the matter without distinctly stating that he had been acquitted of stealing Darr's mule; in which declaration we are sure our readers will bear us out.

On Sunday evening last we met the "lion" at Lexington. He stood in the door of one car, while we stood in the door of the next. All the "lion" did was, to look at us fiercely, like Joe does when he meets us on the street, and we "quailed" as we do before Joe!

We advise Billy to be content, and rest upon the laurels he won in the fight with Tourgee, in the presence of ladies, once on the train; and we advise Joe to be content with the laurels he won on Roanoke Island, Tucker's back yard, and Blair's dining room, and then we shall "have peace."

"EN PALINURUS NODDED AT THE HELM."

It was Sancho Panza, we believe, who pronounced "God's blessing on the man who invented sleep." We think sleep a good institution, but, like all others of our blessings, it may be abused. The "sluggard" emphatically abuses this heaven sent blessing when he calls for "a little more sleep; a little more slumber."

We fell asleep on the train, last Saturday night, about Durham's, and did not awake until we had reached Company Shops, having slept by our home some twenty miles. If it had been the Governor, we are sure he would have "cussed," and, although it was a considerable trial to our temper and patience, we made the best of the situation we could, and allowed the conductor to take us to the end of the line, which we reached about 10 o'clock, Sunday morning.

We spent about six hours in Charlotte, but neither saw nor heard much of what was going on in that enterprising city.

We were informed that there was a general desire among the people for Governor Vance to be a candidate for the Legislature, and that every body favored it, except Vance himself.

On the route, we got a nice breakfast at Salisbury—fresh fish, good coffee, good beef steak and good bread, and all served in that neat and clean style characteristic of Col. Brown's Hotel.

In Charlotte we stopped at the Mansion House, where everything is neat and in good taste. Charlotte has always been noted for good hotels, and the Mansion House fully sustains the former reputation of city in this respect.

We reached home by train, on Sunday, not particularly regretting that "Nature's sweet restorer, balmy sleep," had so "steeped our senses in forgetfulness," as to have landed us in Charlotte for a few hours, instead of Hillsboro.

THE STATES TO BE ANNIHILATED.—Senator Brownlow writes:

"Had I my way I would so reconstruct the Government of the United States as to form a strong central government here in the District of Columbia, and organize the States so as many colonial corporations, as absolutely dependent upon and subject to the will of Central power at Washington as are counties to States. Thus I would wipe out and extirpate the whole theory and presence of State rights and State sovereignty, to which we are mainly indebted for the late rebellion. While I only speak for myself, I believe that Congress and the country are looking in the same direction.

W. G. BROWNLOW.

Washington, April 25, 1870.

WHO WOULDN'T LIVE IN NORTH CAROLINA.

Just read the following, and see if it don't look like a man can "live and do well" in North Carolina, if he will only go to work and try to live:

The Danville *Times* says Mr. R. H. Fleming, of Granville, sold 2,700 pounds of tobacco, made on four acres of land, for $1,566, averaging $391 50 per acre. Mr. John Peed sold 4,295 pounds for $2,184—portion of it selling for over $1 per pound.

Exchanges say: "We know a gentleman of this county who had lien judgments on his land 1 or as much as it would sell for, and had been trying to borrow money for twelve months to pay his debts. Not long ago he sold his last year's crop of tobacco for a sum sufficient to pay all his debts, and leaving him a large surplus."

Again: "Mr. A. J. Barth, of Rockingham, cleared up a new ground of three acres, and worked it by hand entirely; not a plough of any sort was put in it. He planted 12,000 hills of tobacco, and worked it entirely himself, except a little assistance he obtained from his wife in worming and suckering. His crop from the three acres brought him $860. How many acres of wheat would it take to bring $860?"

With such facts as these before them, we hope the farmers will depend not so much on the quantity of land planted for a crop, but on the quality of it; and that, seeking that manure which promises the best return for the investment, they will use it liberally and, acting in accordance with the advice of the merchants, furnish to them the article for which they have a steady demand at good prices.

The Louisville *Courier Journal* in giving some few pictures of prominent members of the Southern Baptist Convention, thus speaks of the delegates from N. C.

REV. DR. T. H. PRITCHARD

is the popular pastor of the Baptist church at Raleigh, North Carolina, and is one of the leading spirits in his State. A graduate of Wake Forest College, North Carolina, he studied Theology with Rev. Dr. John A. Broadus, then living in Charlottesville, Virginia. At the breaking out of the war he was the efficient pastor of the Franklin Square Baptist church, Baltimore. He was arrested for his Southern proclivities and sent through the lines to Virginia, where he at once began zealously to labor in those great revivals in Gen. Lee's army, in which fifteen thousand soldiers professed conversion.

He was next pastor at Petersburg, Va., from whence he was called to his present pastorate. Of genial manners, warm heart, and generous impulses, he is loved wherever he is known. A ready speaker, a popular preacher, and a working pastor, he fills well his important field, and exerts a wide influence in the State at large. Young and of vigorous health, we may hope that many years of usefulness are before him.

JOHN E. MILLS, ESQ.,

editor of the *Biblical Recorder*, the organ of the Baptists of North Carolina, was born in Halifax county, Virginia, in 1833, was graduated at Wake Forest College, North Carolina, with the highest honors of his class, in 1854. Successfully conducted a female seminary in Oxford, North Carolina, for ten or twelve years, and three years ago removed to Raleigh and mounted the editorial tripod. He is the son of Rev. J. Mills, famous throughout Virginia as a pulpit orator of great power, and has inherited much of the energy and will-force of his father.

Mr. Mills is a very large, loose jointed, firm looking man, and walks the earth with the tread of a giant. He has small respect for what Lawrence Sterne calls "the sweet little courtesies of life," and his manner is often so baroque as to be mistaken for coarseness and a want of sensibility; but, with all his apparent roughness, he has really a warm and tender heart. As a writer, Mr. Mills wields an independent, original and trenchant pen, not unfrequently waking up somebody rather uncomfortably by his tomahawk criticisms.

Mr. Mills is popular with the masses, has good talents for business, and is making his paper a success.

CONVICTIONS AT THIS COURT.—The following important convictions have been rendered at the present term of Edgecombe Superior Court:

Henry Draughon and Bryan Draughon, col., for burglary, five years in the Penitentiary.

Noah Eason, col., for burglary, eight years in Penitentiary.

Jim Shirley, col., for murder, sentenced to be hung on the 9th of July next.

Lewis Powell, col., convicted of manslaughter, sentenced to six months confinement in the County Jail.

Willis Hartsfield, col., for larceny, sentenced to Penitentiary ten years.

Peter Joiner, Barwell Hoskins, William Mason, James Johnson, William Clark, Alfred Knight, and William Thompson, all colored, were convicted and sentenced to confinement in the County Jail for terms ranging from four to eight months.

Joel Coggins, white, was convicted of an assault with intent to kill, and sentenced to confinement in Penitentiary for twelve months.

A. G. Adams, white, convicted of larceny and sentenced for 6 months.

The case tried on Thursday, State vs. Jno. Howell, white, charged with arson, (burning Battle's factory,) resulted in the defendant's acquittal; the jury were out 17 hours.—*Tarboro Carolinian.*

CROPS IN THE SOUTH.—Our account from all portions of the South, from Virginia to Texas, give the most favorable reports of the condition of the growing crops. In Virginia, the Carolinas and Georgia, where, last year, there was such a damaging drought the wheat, oats and grass look unusually thrifty and strong. In Tennessee there is the same prospect. In Alabama and Mississippi the wheat is further advanced, and growing so luxuriantly that the cold spell of two weeks ago was declared an advantage to it, in arresting the flow of sap that might have produced rust. Some of the cotton and corn in Mississippi was injured by the late frost and had to be replanted, but as there was not much out of the ground this injury is trifling. In Texas everything is out of the ground and growing finely. The seasons, with the exception of the cold spell about Easter, have been favorable, and all along the Lower Mississippi, from Memphis down, the planters are in the most cheerful spirits. They declare that if there should be no more overflow to destroy their labors they will have one of the finest crops they ever raised. The colored people are, as a general thing, working steadily, and the demand for labor has been largely satisfied by the introduction of Swedes in many parts of the South. The April frost did not kill all the fruit, and it is now certain that in nearly all the Southern States there will be a fair supply. In one thing especially the Southern planters are exhibiting their native shrewdness and good judgment. They are not appropriating their entire soil to cotton. A great many of them are planting corn, as they did last year, showing that they have at last attained the true philosophy of keeping their money at home and at the same time assured of higher prices for their cotton.—*Nashville Banner.*

WHITE OAK TOWNSHIP MEETING.

A large and enthusiastic meeting of the Conservatives of White Oak Township was held at Womble's store, on Saturday the 14th inst.

On motion, A. D. Jones was called to the chair, and Dr. C. F. Dowd, appointed secretary.

On motion, a Committee of ten was appointed to draft resolutions for the consideration of the meeting, consisting of Capt. S. Mitchell, J. R. Penny, Ruffin Castlebury, John M. Ellington, A. J. Maynard, B. G. Sears, W. R. Sult, E. L. Mills and James Young.

The Committee then retired to prepare the resolutions. Capt. J. Q. DeCarteret being called for, addressed the meeting at length in an eloquent and acceptable speech.

Messrs. High, Gill and Lee, also addressed the meeting.

The Committee through their chairman, Capt. Mitchell, submitted the following resolutions which were unanimously adopted:

WHEREAS the citizens of White Oak Township in convention assembled, for the purpose of nominating candidates to fill the offices of said Township, do hereby

Resolve, 1st. That we are opposed to all lawlessness, and mob law.

Resolved 2nd. That we shall endeavor to cultivate kindly relations between the white and colored races.

Resolved 3rd. That we are opposed to the policy of the Radical party in its extravagant waste of the people's money, and its abolishing the county Courts, and substituting Township Courts.

Resolved 4th. That the chairman appoint ten or more delegates to the county Convention to be held in the city of Raleigh, at some future day to nominate candidates to fill the various county offices.

The chairman in pursuance of the last resolution appointed the following delegates to the county convention: B. G. Sears, W. R. Sult, Capt. J. W. Mitchell, G. A. Upchurch, A. E. Clements, A. B. Freeman, E. L. Mills, Dr. C. F. Dowd, James Young, Kader Olive, Hinton Hudson and John Scott.

On motion, the chairman and secretary were added to the list.

The meeting then went into the nomination of township officers, when the following gentlemen were selected without a dissenting voice:

For Magistrates, Alsey R. Freeman, Albert Counsel.

For Clerk, W. R. Lerit.

For Constable, G. A. Upchurch.

For School Committee, A. G. Jones, R. G. Lears, W. W. Bolleman.

Dr. Dowd offered the following resolution which was unanimously adopted.

Resolved, Although we have not recommended any names to the County Convention that we pledge ourselves to support the nominees of said Convention.

The Chairman being called on addressed the meeting, in an able manner.

The Township Nominees returned thanks for the honor conferred, and promised to discharge their duties faithfully when elected, (which they certainly will be.)

On motion the SENTINEL was requested to publish the proceeding of the meeting

After a prolonged but harmonious session the meeting adjourned, determined to carry White Oak Township at the next election by a large majority.

MR. EDITOR:—The grand Radical rally, for the county of Randolph, occurred a few days ago at Ashboro', that quiet little town that brother "Ruff," in imitation of our "cussing beloved," calls "a d—d little place that nothing can be made of by Railroads or otherwise." Notices printed, chiefly through the instrumentality of Mr. Solicitor J. B. Bulla, alias "*the State*," alias the "*bossing man*," alias "*brother Ruff*," had been posted over the county for about a month, and some of the hoping aspirants had made desperate attempts to revive the leagues, to add numbers and weight to the occasion. The day was lovely and the ground rather wet to plough, thus far all argured well, except that the leagues wouldn't rally.—The hour arrived, into the ring hobbled the "*ring master*," attended by "*brother Ruff*," Nath'l. Hill, negro drillmaster, his Justiceship, Geo. W. Reid, Joel, "the unwashed," fresh from "*the people's mill*," his hopeful son Russell and other officeholders, something more than twenty in all, and some 12 or 15 privates, among whom Hiram of color was one of the most prominent. The meeting organized, rejoiced, and "*brother Ruff*" made a speech, and so powerful was it, 'tis strange to say the Court House still stands, having successfully resisted destruction both from the effects of his graceful downward jesticulation, and the concussion of the air caused by his bellowses. These are the points in which his oratory is especially lim'ss, when he has a free field, and no opponent. It has however been suggested, that if there was no explosion on this occasion, his bellowses ought as a matter of safety to be patched before they are submitted to another such strain. Mr. Justice Reid was called out, but declined to make a speech, "because he had nothing to reply to," which we construed to mean that the *dirt* was all on his side, and he decided it best not to stir it. Right your Justiceship once. One point in "brother Ruff's" speech we cannot omit to mention. Once when he had squared himself down with his seat of honor within some six inches of the floor, his favorite gesture, he roared out in *sublime* style, that the Republicans, Democrats and Conservatives were "*cheek by jo*" together. Wherefore we observed old Hiram, case his head, look hopefully, and smile, as if he thought the speaker alluded to that "jole" that he, Hiram, had recently stolen from Dr. Burns, and was fancying that this betokened a *nol pros*, or suspension of judgment for this offense, as he had always voted the Radical ticket, and had been bailed out of jail for this offense by "brother Bel," and others of the "Ring." When the speaker concluded his masterly effort, he retired from the room, no doubt, exhausted; and Hiram soon followed. We have since understood that "brother Ruff," is strongly spoken of for Congress in this district.—Whether this originated with Hiram from the "jole" business or otherwise we will not undertake to say as we are an

NATIONAL HOTEL,
RALEIGH, N. C., May 17, 1870.

To the Editor of the Sentinel:—Seeing a communication in your paper yesterday evening, I wish to say one word to the public, to contradict the mis-statement merely. I am not a Northern man; being a German by birth, and after coming to this country, having lived for twenty-six years in Charleston, South Carolina.

In the second place, I am not a Republican, neither am I a Democrat. I cannot afford to be either as long as I keep a Hotel for a living. It is not my intention to keep a party house, but shall extend to all alike, the courtesies due to my patrons.

ATTEMPTED SUICIDE.—A man by the name of George King, from Maine, a seaman on board the schooner Clara Bell, now at this port, from Rockport, Maine, attempted suicide on Sunday, May 1st, at sea. He cut his throat with a razor, in his berth, partially severing the wind-pipe but not cutting the arteries, and then went on deck when the razor was taken from his hand, and the wound bound up. This occurred when off Newport, R. I. On the following Friday, the 6th inst., when just north of Hatteras, the man jumped overboard, but a rope was thrown to him, which he grasped, when he was drawn on board and then afterwards carefully watched, until yesterday, when he was admitted to the City Hospital.

From the testimony of those on board, it would appear to be a clear case of mental derangement, which, however, occurred only in the two instances in which the suicide was attempted and then quickly passed away. King states himself that he was not in his right mind at either time, but that on the occasion of his jumping overboard, his reason returned to him the moment he touched the water. Hence his readiness to assist at his own rescue. He has been carefully installed in the City Hospital, and will there receive care and attention.—*Wil Journal.*

THE SENTINEL.

CITY AND STATE ITEMS.

TUESDAY, MAY 17, 1870.

DR. THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—Messrs. Primrose, Petty and Newsom have the latest arrival of gents' hats, in the very top notch of the fashion, besides other beautiful and desirable goods just in.

A. D. Taylor fresh supplies of family groceries.

Royster & Bro., Pine Apples.

J. M. Towles—Smoking tobacco for others, though he don't smoke himself.

W. C. Stronach—sugar cured hams and other good things.

THE NEW MARKET HOUSE was opened this morning. There was a tolerable supply of meats—beef, pig, lamb and mutton—chickens, &c. &c.; vegetables, limited, though there were peas, onions, radishes, sallids &c.; the display of boquets was splendid.

We had intended, on the occasion of the opening of the new Market House, to make some remarks in regard to it, but press of work, to day, forbids. We shall attend to it some o her time.

THE SUNDAY SCHOOL EXCURSION left on the North Carolina Railroad for Hillsboro', this morning at 8 o'clock. There was a large crowd along, all agog for fun and enjoyment. Many an anxious Master and Miss were too full of the excursion, this morning, to eat breakfast, but there was enough taken along, in the eating line, to supply all when their appetites shall return.

The Reporter of the *Standard* didn't go this time. By the way, it is a question among some, at what time the Reporter of the *Standard* went over to Lockville, the day he went with the excursion to Haywood!

Our Reporter is with the excursion to Hillsborough to-day, and will give notes and incidents of the trip to-morrow, if he don't get sick.

RELIGIOUS SERVICES.—Rev. Mr. Daily, Pastor of the M. E. Church, South, of this city, is holding nightly services at his Church, which will continue throughout the present week, if not longer. All persons are invited to attend.

BOUND TO COURT.—The Cyprians, Agnes Brown and Geneva Morris, mentioned yesterday as having stabbed Mattie Bray, were before the Mayor, and without making defense, were bound in $500 each for their appearance at the next term of the Superior Court.

It would have pestered many a poor honest woman to have given that amount of bail. But it was given.

FINE STRAWBERRIES.—

"It is good to be honest and true;
It is good to be merry and wise,"
It is good to be Local Editor, too;
And a favorite of the ladies.

A Local editor, from the force of circumstances, must become a close observer of matters and things in general, and hence, if he has brains, a very good judge of most things. Without laying claim to an extra amount of brains, we do profess, from long experience and force of habit, to be a pretty fair judge of a good many things—especially of strawberries.

We have been in the habit of seeing strawberries for a good many years. When we were younger than at present, we used to go with the girls picking wild strawberries, a sport we were quite fond of.—We have also seen a number of samples of cultivated strawberries, and have occasionally eaten some of them, mixed with sugar and cream, and found them palatable.

But we have never seen any, either wild or cultivated, equal in size, nor superior in sweet delicacy of flavor, to a fine dish full of that most delightful of all fruits, sent us by Mrs. R. G. Lewis, to day, the product of her own garden and culture. We don't know what variety they belong to, but they are large, beautiful and luscious, and we are very thankful to Mrs. L. for her timely and considerate kindness.

It was a very happy thought in some one at the Elgin watch Factory to name their Ladies' watch the "Lady Elgin." We venture to say that the man who suggested the name is one who would be a favorite with the ladies. In other words, a man of sense, of taste, and a gentleman. For what lady would not prefer to carry an exquisite time keeper like the "Lady Elgin," and with that name, to one with a trade mark of "Samuel Appleby & Co," or something similar! We like the name "Lady Elgin," and understanding that the watch itself is the handsomest, strongest and cheapest Ladies watch yet made in this country, we predict for the Elgin Company an immense demand for them.

Mr. Jesse Faison died in Wake county, a few days ago, aged over one hundred years. He leaves a large number of children, grandchildren and great grandchildren.

Delays are Dangerous.

That poor, emaciated Consumptive, who is now beyond all hope of recovery, might now be hale and hearty had he not neglected that slight cough. Be advised, if you have a cough or cold, get at once a bottle of *DR. TUTT'S EXPECTORANT* and you will soon be relieved. *Do not put it off.*

Valuable and Reliable.—"Brown's

Bronchial Troches" will be found invaluable to those exposed to sudden changes, affording prompt relief in cases of Coughs, Colds, etc. For Public Speakers and Singers, and those who over-tax the voice, they are useful in relieving an Irritated Throat, and will render articulation easy. *As there are imitations, be sure to obtain the genuine.*

BITTEN BY A RABID DOG.—A colored woman whose name we could not learn, living in Brooklyn, was yesterday badly bitten by a dog, supposed to have been mad. The wounds are in the arm and side, and are quite serious. The woman was immediately placed under medical treatment and the dog, the property of Mr. Fletcher Tilley, was killed. Mr. Tilley has offered to pay for medical attendance, and for such nourishment as the patient may need.—*Wilmington Journal.*

Apropos to the dog subject, there are too many straggling specimens of the canine species, nightly prowling about the streets and backyards of our city of Raleigh, for either comfort or safety. We *know* of one rabid dog being killed in the city, a short time since, and have heard of another. We cannot step out into our backyard after dark, at any time, without seeing two, three or more of these unwelcome trespassers scampering off, and it is not unfrequently the case that they get up an extempore rough-and-tumble fight there, either for our amusement or their own.

We don't like to kill anybody's dog, but we think, if people will keep the useless pests in a city, they ought to keep them from annoying others, and we have therefore determined, as have also a number of others, to make preparation for thinning them out, at least to an endurable point.—So the dogs may look out.

ANOTHER BIG SHOW COMING.—Mr. David Ellison, of Surry County, or, rather, Mrs. David Ellison's wife, has a baby, twelve months old on the 11th inst., which weighs sixty pounds. This will soon be round on exhibition, a rival to the Georgia mule, the Ohio giantess or a Radical swindle.

INCENDIARISM IN HARNETT.—A gentleman who resides in Wake, near the Harnett line, informs us that, on Saturday night last, Mr. Joe Matthews, living in Harnett, near the Wake line, had his corn crib set on fire and consumed, with all his corn, &c. When Mr. Matthews discovered the fire he rushed out, and saw three negroes running off from the burning house. The flames had gained such headway he could not arrest them.

On the same night, a widow lady had an unoccupied dwelling house on her plantation burned also, supposed by the same parties.

This is not far from the Holly Springs neighborhood.

MAN SHOT.—We are verbally informed that, as the train on the North Carolina Railroad left Goldsboro', last night, a colored man who had no ticket, and who refused or was unable to pay his fare, was about to be put off the train by conductor Waitt, when he drew a pistol and fired on the conductor, the ball badly mangling two of his fingers. Thereupon a colored baggage hand fired on the negro, the ball taking effect in the head, inflicting a wound which it is thought, will prove fatal.

We did not ascertain the name of the negro that was shot. The occurrence took place when the train had nearly reached Boon Hill.

WHAT A WHOPPER!—The Wilmington *Post*, in speaking of the recent Radical pow wow here, says, "the State convention passed off quietly and accomplished its mission," &c. If that was a *quiet* convention, we hope never to witness a boisterous one.

LEAGUE OUTRAGE.—Jos. H. James and Alexander Merrett, two full blown white radicals, went to Germanton last on Saturday evening, and visited "Abe" a colored grog shop keeper, and proceeded to place themselves on the outside of a few glasses of blockade. After enjoying themselves with their colored friends for a time, they adjourned to the house of Joe Bitting, another colored man, and were drinking and swearing, but Joe being a respectable darkey, soon tired of them, and ordered them to leave his house, which they refused to do, until he used an argument in the shape of a spade. As soon as they got into the street they commenced cussing him, and rocking his house, broke down his door, knocked out his windows and broke up the crockery ware, in fact played round generally, and finally drove Joe out, and compelled him to go and ask protection from the white Conservatives. A party of white gentlemen started with him and met them in pursuit of the negro, and gave them a decent thrashing—one of them at least, the other took leg bail. The negroes took the other and carried him down to Joe's house, but he also managed to escape.

This is a sample of the KuKlux outrages that are so frequently reported and laid at the doors of the Conservative party. The only offense Joe was guilty of in the eyes of these men was that he is a Conservative and voted the Conservative ticket.

One of the men, Alex. Merritt, is the son of Tom Merritt, who said just before the election on the Constitution that if he went to the election and voted for the Constitution he hoped God would kill him and send him to hell before he got back home. But after using the expression he went to the polls and voted for it, *and died before he got back home* and we suppose he went there, and Aleck is following him.—*Western sentinel.*

The Wear and Tear of Business Life.

The cares and labors of business life are apt to tell severely upon the health and constitution of the ardent, energ tic business man, and when the need of some sustaining agent is felt, stimulants that cause only a temporary exhilaration, and leave the system in a state of partial collapse when their first effect has passed off, are too often resorted to. As certainly as fire leaves behind it a residium of ashes, the use of the adulterated liquors of commerce produces premature exhaustion and decay. Touch them not. Tone and regulate the overtaxed vital machinery with Hostetter's Stomach Bitters. In this wholesome elixir, the alcoholic element, which is the purest derivable from any source, is tempered by the choicest tonic, aperient, anti-bilious and anti-febrile vegetable extracts and juices. To strengthen, cheer, solace and purify the system is the mission of the great vegetable specific. When the stomach is in a healthy state, the bile flows regularly, the bowels perform their office properly, and the telegraphic wires of the nervous system are in perfect working order, an enormous amount of labor can be done without risk or inconvenience, and the direct effect of the Bitters is to promote this vigorous condition of the functions upon which the nourishment of the body, and the power of endurance mainly depend. The great tonic and alterative is therefore, emphatically recommended for its remarkable strengthening properties, to all upon whom the responsibilities of life press heavily, and who feel like fainting under the burthen. A lively appetite, a splendid digestion, elastic spirits, and a marvellous ability to withstand fatigue, are among the blessings justly ascribed to the renovating operation of this palatable and powerful cordial, and as a spring and summer alterative, there is nothing in the materia medica that can be compared with it.

Monday Night Dispatches.

WASHINGTON.

WASHINGTON, May 16.—Revenue to-day a million and a quarter.

The new San Domingo treaty was not sent to the senate to-day.

There was a special meeting of the Cabinet to-day, the object of which has not transpired.

It is stated that the House Committee on Foreign Affairs favor subsidizing the California and China cables, half a million a year for 20 years.

P. B. Hawkins (not our Phil.—Ed.) is nominated for Postmaster at Bowling Green, Ky.

The Secretary of State requests the Governor of Michigan to prevent any armed expedition passing the Sant St. Marie canal, toward the Red River country, without express permission from Washington.

The Freedman's Bureau Howard Corruption Committee investigation still progresses, nothing tangible transpired.

The new internal revenue bill was reported to-day; it takes the taxes off everything nearly, except fermented liquors, distilled spirits, tobacco, cigars and stamps and incomes. The tax on sales, except on liquor dealers, is abolished; also the tax on legacies and successions, gross receipts from Railroads, &c. The tax on receipts of theatres, and lotteries is radained. The income tax is fixed at 5 per cent, with an exemption of $1,500, but all the inspectorial features of the tax are abolished.

The tax on gas pianos, carriages, watches &c., is done away with. The tax of 3 per cent per annum, is levied on all public moneys deposited in banks.

The report of the Committee on Agriculture was considered.

The House to-day postponed the tariff bill until after the passages of all the appropriation bills, which is equivalent to an indefinite postponement.

NEW YORK.

NEW YORK, May 16.—Gov Hoffman has vetoed the Arcade Railroad bill which proposed to run under Broadway.

MISSOURI.

ST. LOUIS, May 16.—Indians attacked a working party on the Kansas Pacific Railroad, to day between Kit Carson and Willow Spring; ten men belonging to the grading party were killed

FOREIGN.

LONDON, May 16.—Fifty persons from Birmingham by Railroad, armed with revolvers, and with plenty of money, were arrested to-day as Fenians.

The race between the Sappho and Cambria, on Saturday, was fair, notwithstanding the remarks to the contrary.

Morley and Clarendon have signed the naturalization treaty.

PARIS, May 16.—A decree has been published, announcing the Duke of De Grammont as minister of Foreign Affairs; Jaques Phillipi Mejos, minister of Public Instruction, Charles Ignace Pinchon, minister of rubics Works. The Emperor's health is excellent; he attended the races yesterday, and walked a long time among the people, and was heartily cheered.

The list opposed to the Pope's infallibility now numbers over a hundred.

MADRID, May 16.—In the cortes, on Saturday, a Republican Deputy made a speech wherein he spoke of insurrection as still existing in Cuba, notwithstanding the oft repeated statements on the part of the Government that it had been terminated. Senor Rivero, minister for the colonies replied at some length, persisting that the insurrection is really ended. Predatory bands of insurgents are still in Cuba, and some skirmishes have lately occurred, but entire order would soon be restored. The official news from Captain General De Rodas, gives universal satisfaction.

TORONTO, CANADA, May 16.—Troops continue to leave for Red River. The Gunboat "Resene" leaves St. Mary's River to-day, as a precaution against Fenians.

Tuesday Evening Dispatches.

[SPECIAL TELEGRAM TO THE SENTINEL.]

FIRE IN HENDERSON.

HENDERSON, N. C. May 17, 1870.—A destructive fire occurred here this morning, at 2 o'clock. An old store house on Main street was discovered to be on fire, and before any means could be employed to suppress the flames, it had gained such headway as to be beyond control.

Both sides of the street were consumed, with other buildings and private residences in the immediate neighborhood. The loss is roughly estimated at about $ 9,000; about one-third insured.

The fire was the work of an incendiary.

Every place of business in the village, except the Railroad Warehouses, is in ashes. There was no one hurt.

About half the goods were saved in a damaged condition. There were three residences burned.

WASHINGTON.

WASHINGTON, May 17.—Gov. Bullock has arrived.

There is no crisis in the affairs of the New Orleans Custom House.

The House is considering the decline of American commerce.

The reconstruction committee has agreed upon a bill re-admitting Georgia on the terms applied to Virginia, Mississippi and Texas, with a clause authorizing the States named to organize an arm of the service of their respective militia forces.

In the Senate, Howard from the committee on the Pacific Railroad, reported a substitute for the Marshall and San Diego Railroad bill, which he explained to authorize a Railroad from Marshall, Texas, to Trinity River, thence to El Paso on the Rio Grande, thence through the Territories across Colorado to San Diego on the Pacific. In the Territories the bill granted twenty alternate sections of land on each side of the line, and ten alternate sections in any State through which the Road may pass. A large portion of the line is within the State of Texas, and the United States owns no land in that State. It would also authorize a connection with the lines from New Orleans and Vicksburg. The bill had received the unanimous sanction of the committee.

SOUTH CAROLINA.

CHARLESTON, S. C., May 17.—One of the largest mass meetings ever held in the city took place last night, under a call for citizens of all classes, colors and political parties to inaugurate a movement for retrenchment and reform in the State government. This was the first occasion in which there has been a cordial commingling of white and colored citizens of Charleston.

The officers as well as speakers were both white and colored, and a mixed delegation was appointed to represent Charleston in the State Reform Convention, to be held in Columbia, July 15th, to which the other Conventions were invited to send delegates. Great enthusiasm prevailed.

TENNESSEE.

MEMPHIS, May 17.—The General Conference of the M. E. Church, south, has indefinitely postponed the question of Itineracy, thus leaving the law as heretofore

SWEET QUININE
Is a Recent Improvement.
It replaces the use of the BITTER SULPHATE QUININE, with which all are familiar. Dose for dose, it is
WARRANTED
Fully equal in every way to Bitter Quinine,
AND, LIKE IT, IS THE ONE
Great, Positive, and Unfailing
CURE
For all Diseases of Malarious Origin.
Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,
and the long train of disorders following those when neglected.

SWEET QUININE
is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE
acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The one advantage claimed for

SWEET QUININE
over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE
is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

BEING OVER $12,000,000 GREATER THAN THE NEW BUSINESS OF ANY OTHER LIFE INSURANCE Co. IN THE WORLD.
PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!
THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES
DEFINITE CASH SURRENDER VALUES,
IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and *every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

NON-EXPLOSIVE COMBINATION BURNING FLUID
THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!
No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!
EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—Burns longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and not be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 5 to 10 Gals., of the Fluid in an hour.

CAPITAL STOCK, (PAID UP,) $150,000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES B. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. THOMPSON'S Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

All its Policies are non-forfeitable and all participate in dividends from the beginning.
